
Trademarks and registrations - help please!

Posted by phoebe - 2007/08/19 00:30

What's the difference and do I need to do both or just one? I'm confused - do they cost money and do they make a site more protected/legal? Am I at risk with my name if I don't register it or trademark it?

Help please

Hi Phoebe,

You could look in the legal section of articles on this site. There are a couple of articles on there you may find useful
